Integrity Professionals
Information Security Experts

BIOGRAPHY

Peter Roberts joined Vanguard's Professional Services team in January of 2012 and has more than 30 years of experience in Information Technology and Systems Programming. His extensive knowledge-base and expertise allow Peter to assist clients with ACF2/TSS migrations to RACF, z/OS and RACF assessments, RACF remediation projects, RACF training and Vanguard software implementations.

Prior to joining Vanguard , Peter spent 18 years with IBM Global Services where he held a number of roles and responsibilities including Systems Programming, Security Administration, Business Controls (Auditing) and performed security related consulting services including ACF2 and RACF Security reviews, Security remediation's and ACF2 / Top Secret to RACF security conversions. Due to his varied background, Peter has extensive experience across multiple verticals including government, retail, banking, distribution, manufacturing, utilities and finance.

Peter serves a key role as part of the Vanguard Professional Services team providing RACF security assessments and remediation, ACF2 and Top Secret migration assessments and migration services. In addition, Peter provides training to customers attending Vanguard's annual security conference
