

# Vendor Invitation

The Federation of Security Professionals (FSP) invites you to attend the full day security seminar to be held on Friday, April 27, 2018 at 88 Queens Quay W – Toronto, ON M5j 0B8. In order to fund the free seminar we offer companies the opportunity to present their product or service to the approximately 250 attendees.

The vendor exhibits are held in a room adjacent to the speakers' auditorium and in the same room where the free morning and afternoon breaks and lunch will be served. The fee for a table in the vendors' room is CAD \$800 payable in advance. The fee also includes your company logo on our web site for the duration of the seminar registration period and entitles you to a list of attendee email addresses for a single follow-up email after the seminar.

The FSP is a non-profit organization run solely by volunteers with a vested interest in information security. Our full day free seminar features presentations on topics of interest by and to security professionals. The attendees represent a broad spectrum of businesses including banking, insurance, government, manufacturing, etc. and all aspects of information security such as administration, technical, auditing, and management.

FSP also welcomes donations and sponsors. Morning and afternoon breaks and lunch, free to attendees, can be sponsored in whole or in part by vendors and donations to support security awareness are always welcome.

To make a reservation, space is limited, or for additional information for the upcoming seminar, please email [admin@fspgroup.ca](mailto:admin@fspgroup.ca) with your name, phone number, and company, subject line vendor reservation or vendor information. You will receive a response from one of the FSP executive committee members, unfortunately there is no phone number to call as all the executive members have full time jobs that would not allow non-business related calls on an ongoing basis.

We hope to see your company represented at the ever growing security event.

Thank you,

FSP Executive Committee
